In re Schering Plough Corporation ERISA Litigation
Civil Action No. 03-1204-KSH

Eight million five hundred thousand dollars.sounds a lot of money,it is if you're a lawyer and get thirty percent of it.

Go back to the day before the FDA fined us $500,000. For problems in Porto Rico and our leaders Kogan and upper management cash in their stocks in the company for $58. Dollars a share, the day of the announcement to $38dollars a share, and headed down from there to $13. Dollars a share ,thus sticking to the everyday employee who didn't have this information. Other wise we lost our ass in plain terms.

$85,000,000. Would be a better settlement and send these criminals to jail , They were much worst than Martha Stewart and she went to jail.

I lost about $40 to $50 thousand dollars because of their insider trading and that was small compared to most of the employees at Schering Plough Cleveland Tn.

Thanks for this oppurnity
